Yes, I approve as discussed the other details we will work out with Refa.

Thanks
Wanda Johnson

Hello Wanda and Cephus,
Thank you again for your time on the phone Friday, it was very helpful.

Per our discussion, I am sending the final design for the artwork for your written approval. The design is currently being reviewed internally at BART as well, and I would like to circulate it with you approval so there are no questions in that regard.

This approval is with the understanding that there are a few minor requests you have made to Senay regarding some aspects of the way the clothing is depicted that he will take into account when he is painting the actual mural.

Please take a look at the attached image, and if this is as you have reviewed and previously indicated during our phone call, please respond to the email your approval.

Many thanks.

Jennifer A. Easton
